SENDQUICK IS WHATSAPP ENABLED

Good news!

sendQuick is Whatsapp Enabled. You can now connect with 1.5 billion WhatsApp users globally on a secure and private channel. This is the perfect opportunity for you to build deeper connections with customers and deliver a value-added, superior customer experience.

We help you to simplify the way you communicate with your users. Whether you need to reach out to your support staff or customers, you can now respond faster to critical events and make communication quick, easy and secure.

Reduce network downtime and connect with your customers on their preferred channel today. We've got you covered.
