SECURE REMOTE ACCESS WITH FREE 2FA

As the world comes together to manage the COVID-19, we at sendQuick are offering customers complimentary access to sendQuick ConeXa to protect your employees from potential cyberattacks when working remotely.

We are here to help you navigate these uncertain times to function safely, efficiently and reliably. This is why we are making our technology available, to help you respond to this time of change with agility. We want to give you the tools and flexibility you need to enable your teams to work remotely.
